Making the file-folders

In addition to printing out these pages you will need:

- file folders
 - scissors
 - glue stick or rubber cement
 - Tape
 - lamination / contact paper
- To have student write on the game you need to laminate or cover the page in clear contact paper.
 - Glue the title on the front of the file-folder, the game mat should be glued inside on the left, and the pieces pouch should go on the right.

Introducing the games

- Before using the games have a short mini-lesson to teach the skills in the game. These games work best for practicing and reinforcing skills.
- Model how to use the games. Including how to clean up this will make your job a lot easier.
- These games are great to sent home for children to play with their parents or older siblings.
