## **Preparation**

1. Cut out all of the cards.
2. Fold the Capitalization cards over on the dotted line and use a paper clip to keep the flaps closed.
3. The sentences are divided by the different capitalization rules being practices. You can play with one group or combine multiple groups to practice different capitalization rules.
4. You may also print out multiple copies of the blank sentence cards to create your own sentences. If you use the capitalize name group there are blanks to put in the names of your students. The capitalize place name group allows you to insert the name of the state or town that you live in.

## **How to play the game**

1. Divide students into two teams.
2. Teams alternate taking cards.
3. When the card is draw the student needs to:
  1. Read the sentence aloud.
  2. Tell whether the sentence is correct or incorrect.
  3. Remove the paper clip and tell whether s/he was right.
4. If the student is correct the team keeps the card, if its incorrect they place it in the discard pile.
5. When a chomp card is drawn the team that drew the card loses 3 cards.
6. The team with the most cards at the end of the game wins.
