

Thank you for downloading Counting Kitchen-Macaroni and Cheese (ESL-Version). These file folder games help students learn the names of some common foods. In this case Macaroni and Cheese and the ingredients used to make Macaroni and Cheese.

In this package you will find 5 different Macaroni and Cheese recipes. In each recipe children will prepare to cook by counting out the ingredients they need by placing them on the counter.

As students put their ingredients on the counter have them say out loud the name of each ingredient and count out the number they need in English. You can also have them practice sentences like, "I need three eggs," "I need to put in three eggs," or "I'm putting the eggs on the counter/in the pot."

For a real life connection you can also have them assist in making the actual recipes. I've included links to each recipe online at the end of this document.

I've also included two pouches to put away your recipe cards and ingredients after your finished with the game.

**Put ingredients on the
counter to count them!**

A 3x3 grid of numbered tiles. The tiles are arranged in three rows and three columns. The top row has tiles with numbers 1, 2, and 3. The middle row has tiles with numbers 4, 5, and 6. The bottom row has tiles with numbers 7, 8, and 9. The tiles are colored in a gradient from light blue at the top to dark purple at the bottom. The background of the entire image is a kitchen counter with a rolling pin. The numbers are white with a thick black outline.
